

Mit diesem Tierabwehr-Spray wären die drei kleinen Schweinchen auch mit dem bösen Wolf fertig geworden ...

Das Plegium-Pepperspray hat zusätzlich eine Strobe-LED (19 Blitze / s) und eine Sirene (130db) - da reist jedes Tier aus.

Und die Smart-Version ruft sogar über das Smartphone um Hilfe ... mit Positionsangabe!

SMART

Welcome to the future of personal safety!

With the **Plegium® Smart Pepper Spray**, we are transforming the pepper spray industry, globally. The Smart Pepper Spray combines pepper spray with several other features - including automatic location texts and phone calls to your emergency contacts - all to maximize your chances of escaping an assault

All functions are activated automatically and simultaneously when the spray is fired.

- Maximum strength pepper spray (1.33% major capsaicinoids) with 10foot/3mtr. range.

- 0.5oz/148ml canister content - most popular size and enough for several offenders

- **Text messages with your location** (a Google Maps link) are automatically sent to your emergency contacts

- **Automatic phone calls** to your emergency contacts to inform them that you are in danger, and that they should check their text messages

- **Text messages and phone calls are enabled by the Plegium app** (available for iPhone and Android phones) which is **100% FREE**. No recurring fee! Go to the App Store or Google Play and download the app Plegium.

- Extremely powerful siren (130 dB - louder than any standalone personal alarm we have measured) to attract attention

- LED lights that flash 19 times per second for better visibility in the dark and for disorienting the attacker

- **4 years of no-charging battery life!**

- Very compact design - only 4"/10cm tall and about 1.5"/3,8cm in diameter, and weighs less than 3 ounces / 85g

COMBO

Plegium® Combo Pepper Spray is a simplified version of our Smart Pepper Spray. The Combo Pepper Spray is a combined pepper spray, siren and LED lamps.

PREMIUM

The Plegium® Premium Pepper Spray has an ergonomic grip that prevents the index finger from covering the spray nozzle. The trigger button is protected by a flip-top safety lid that prevents accidental triggering and at the same time ensures fast and safe activation. The button also has a sensory sight enabling the user to feel the direction of the nozzle. It is also equipped with a keychain with magnetic release making it easy to have it ready when ever needed. The plastic enclosure of the product is made of 2 mm thick PC-ABS which makes it very robust and durable.
