

## Wir haben einen neuen Hersteller im Programm: Qnect - Simple Smart Home Solutions.

Qnect aus Belgien: <https://www.qnecthome.com/de>

Zitat Webseite: "Mit unseren Smart Wi-Fi-verbundenen Produkten (LED-Lampen, Kameras, Sensoren, Netzstecker und vieles mehr) können Sie in nur einem Bruchteil Ihrer Zeit ein einfaches, sicheres und intelligentes Wohnumfeld schaffen."

**"Flow" is the superpower behind "qnect home"**

With flow you decide what happens, and when it happens. Let your creativity work and discover what flow can do with a limited number of smart devices.

Create multiple flows for one device. Set multiple triggers. Decide when a device acts based on multiple (or just one) conditions.

"qnect flow" is stronger than IFTTT.
