

InCharge

THE SMALLEST KEYRING CABLE

Portable

When closed, inCharge is only 1.5 inches long, making it the smallest keyring charging cable in the world.

Friendly

Thanks to Lightning and MicroUsb connectors, inCharge is compatible with most of the devices out there.

Magnetic

inCharge features a unique magnet system, strong N52 magnets will snap safely onto your keyring.

Tangle-Free

No more time wasted untangling cables. Thanks to its flat cable design, inCharge will never get tangled.

Colorful

inCharge is available in a wide variety of colors, to suit each of your own personal taste.

Affordable

One of our main goals is to keep inCharge affordable. A tiny product at a tiny price.
