

Stay Fit. Stay Chic. Stay Connected.

These chic activity-tracking wristbands not only use Activity Recognition to tell what type and how intensive your activity is, they also keep you in the loop on your social activity with incoming notifications! Dynamo 2+ even utilizes ECG technology that requires only a single touch of the finger on the sensor for an accurate heart rate reading. Compatible with Bluetooth® Smart enabled iOS and Android smart devices*, it features unique proximity alerts: Locator lets you know whether your band is nearby, and Tether alerts you when your band goes out of range. Other alerts inform you when targets are reached, and about incoming notifications. The bands even support the display of messages and emoji icons on the screen! They also come with an app that features detailed in-depth data analysis to help you achieve your fitness goals!

Ssmart Dynamo 2 & 2+ **PE288 & PE289**

Product benefits

GET ACTIVE WITH TARGETS

Set reachable goals to boost your activity levels! Take advantage of the communication between your band and smart devices via Bluetooth® Smart to monitor your schedule. The band displays how many steps you've taken, calories you've burnt, and distance traveled, with just a tap on its screen. Its app also features a customizable inactive reminder that alerts you if you remain inactive for more than a specific period.

YOUR EXERCISE GEAR

Learn from the latest sensor technology how active you are—whether you're walking, running, or engaged in high-impact exercise. Reject phone calls (Android only), so you can focus on exercise without being disturbed. See the time with a convenient toggle the display of fitness data with a double-tap, even enter your sleep or find your phone with a press of the band button. The Dynamo's app lets you customize the display content and sequence of functions, while the silicon strap gives you maximum comfort whether you're in bed or on the go. Engineered with ECG technology, Dynamo 2+ can even allow you to get the instant heart rate measurement with only a single touch.

YOUR SILENT REMINDER

The innovative Tether feature reminds you to keep your smartphone handy by alerting you when you move out of proximity to it, while Locator lets you know whether your band is nearby so you can track down a misplaced Dynamo easily! Take advantage of the Silent Alert on the Dynamo app to receive your personalized reminders in silent mode, so you can track your fitness progress without interrupting meetings or disturbing others.

ALWAYS IN THE LOOP

The Ssmart Dynamo 2 & 2+ support text messages and emoji* on the device itself, so you won't miss important calls or messages and you always stay socially connected. Make your healthy lifestyle the talk of your social circle by showing off your training achievements and milestones to your friends and family via the app.

CUSTOMIZE YOUR STYLE

Brighten up your life with the chic modular design. The detachable module features sensor technology that offers extra flexibility in use, so you can wear it, drop it in your pocket, or put it wherever it works best for you.
