- 4.72 x 1.77 inch
(120 x 45mm)

Speaker 2W x 1

Wake Up at Two Different Times

Set and schedule up to **2 separate alarms** at once so that you and your significant other can wake up on your own individual schedules.

Listen to FM Radio
or Your Playlist.
It Is Your Choice.

Listen to your favorite **FM radio** stations right at your bedside. Morning Call 2 contains an FM radio dial with the capacity to save up to **6 preset** stations.

Additionally, you can play your favorite songs directly from your **smartphone** or audio device **wirelessly**, by pairing through Bluetooth.

Many Useful Features For You

Play music through a built-in **high quality speaker**.

Charge your smart phone or other USB enabled device right at your bedside.

Set a **sleep timer** to have your music automatically turn off while you are sleeping: 15, 30, 45, 60, 90 minutes

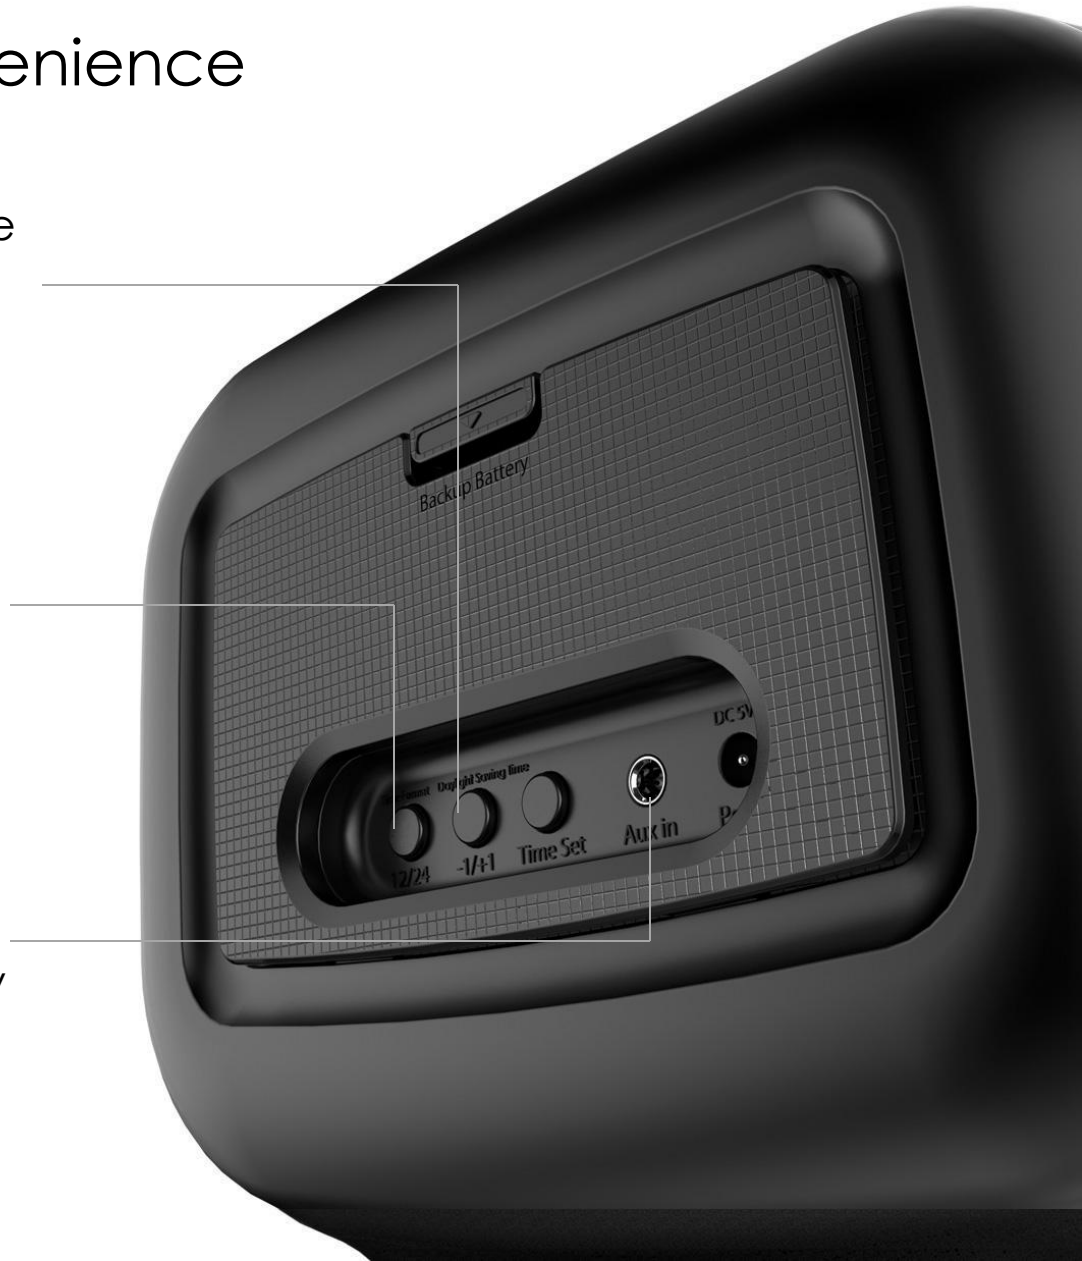

Built-in Mic allows you to answer incoming calls **hands-free** when your phone is not near your bed.

Time Set Up With Convenience

You can also conveniently change time for the current season using the one-step easy to use **Daylight Saving Time (DST)** switch.

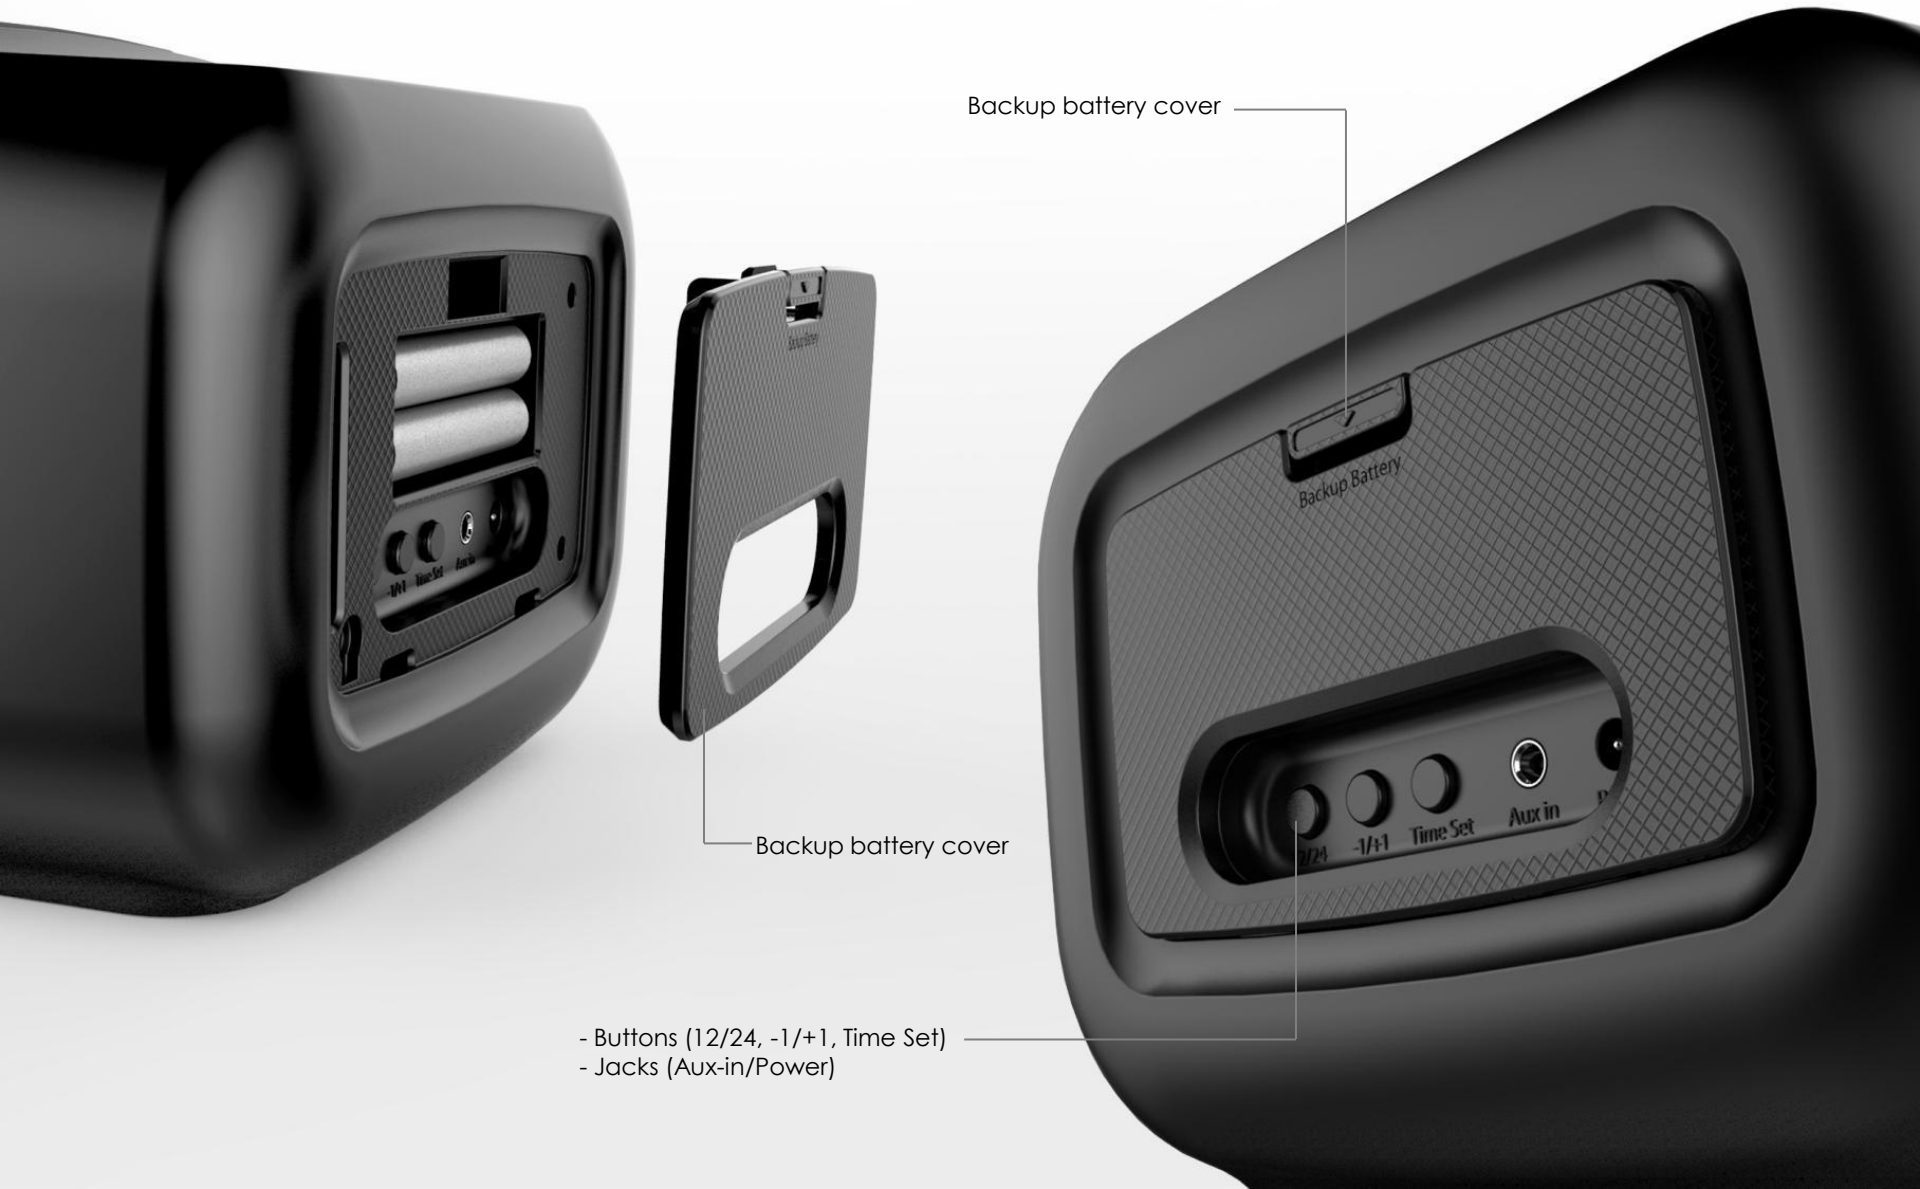

Display time in either **12 or 24 hour** display. Using the one-step switch you can adjust the format easier than ever before.

Using the **aux-in** port on the back, play music through the speaker by plugging your mp3 player or other 3.5mm compatible audio device.

Keep Your Time Secure

Don't worry about what might happen if the power goes out. Morning Call 2 will save the time and your alarm when you use the featured AAA x 2 **back up battery** slot.
