ECO Power Mode

40 LITERS	36 HOURS		60W	
Large Capacity	Cooling Efficiency	Ice-Free Freezer	Power Delivery	Qualcomm Quick Charge 3.0

PowerCooler-40 features the latest technology designed with more versatility and a battery pack that also functions as a removable 52000mAh power bank so you can charge your devices on the go. With a large capacity of 40 liters, PowerCooler-40 is perfect for long road trips, camping, or even other events. The integrated DC compressor allows the cooler to have a dual cooling function as a refrigerator or freezer, without the hassle of melting ice for up to 12 hours. PowerCooler-40 can be recharged in 3 convenient ways: using the AC socket, a DC 12V socket, or using solar power panels. Don't let a lack of refrigeration limit your exploration with this highly portable and advanced outdoor mini refrigerator.

65W Multi-Device Charging Transparent Power Bank with Built-In USB-C & Lightning Cable

Introducing Promate's Mavrix-20, the ultimate power solution designed for the modern tech enthusiast. With an impressive 20000mAh battery capacity, this powerhouse keeps all your devices charged and ready. Featuring built-in USB-C and Lightning cables, a 65W PD USB-C port, and a 27W USB-A port, Mavrix-20 ensures you have every charging option at your fingertips. Plus, it includes a dedicated 3W Apple Watch charger for added convenience. Wrapped in a sleek, modern transparent design and equipped with a real-time LED display, the Mavrix-20 is not just a charger—it's a statement of style and functionality. Experience next generation portable power with Promate.

- Pop-Up Kickstand

Power meets portability with the Mavrix-3, a next-generation 3-in-1 MagSafe-compatible power bank for your mobile lifestyle. Featuring a 10000mAh Li-Polymer battery in an ultra-slim, lightweight frame, it keeps you charged on the go. Enjoy seamless 15W wireless charging for your iPhone and Apple Watch, plus a 20W USB-C Power Delivery port for fast wired charging. Advanced safety features include overcharging protection, overheating prevention, and FOD (Foreign Object Detection). The intelligent power flow system prioritizes external battery use to reduce iPhone battery strain. Powerful N52 magnets ensure secure MagSafe alignment, while a foldable zinc-alloy kickstand turns it into a mini dock for hands-free viewing. Crafted with premium materials, Mavrix-3 is durable, travel-safe, and fits seamlessly into your Apple ecosystem.

Ultra-Slim Aluminum Crafted MagSafe Compatible Wireless Charging PowerBank

Promate's Blade-5, is the world's slimmest 5000 mAh power bank! This sleek and reliable power solution keeps you charged wherever you go. Featuring a super-slim, high-density 5000mAh lithium polymer battery, it eliminates the bulk of regular power banks. Compatible with MagSafe technology, it offers lightning-fast 15W charging speeds with magnetic alignment for easy connection. The USB-C In/Out with 20W Power Delivery ensures rapid device charging and efficient self-replenishment. Safety is prioritized with built-in over-charging, over-heating protection, and optimal temperature control. Made from durable aluminum and ABS, the Blade-5 is both portable and robust, perfect for your daily adventures.

Rugged EcoLight™ Solar Power Bank

Outdoor/Adventure Essentials | 20W Power Delivery | ECO Friendly SOLAR Powered

Powerful 10000mAh Power Bank

3 USB Charging Ports

Emergency LED Light

High-Grade Solar Panel

IP65 Protection

Make your trips and outdoor activities power-packed with the high-capacity 10000mAh battery power bank with an integrated LED light and wireless charging. SolarTank-10PDQi sports a built-in high-grade solar panel, which lets you charge the power bank at faster speeds even when outdoors. You can also transform the power bank into a portable LED light, making it one of the most versatile power banks.

- Colours Available : Black

TECHNICAL SPECIFICATIONS

- Battery Capacity - 10000mAh
- Battery Type - Li-polymer
- USB-C Input - 5V/3A, 9V/2A
- Solar Panel Input - 5.5V / 220mA
- Charging Time - 2-3Hours(USB-C), 50 hours (Solar)
- LED Brightness - 300lm
- Output
  - USB-A 1 - 5V/3A, 9V/2A, 12V/1.5A(18W)
  - USB-A 2 - 5V/2A
  - USB-C - 5V/3A, 9V/2.22A, 12V/1.67A(20W)
- Wireless Charging - 10W
- Wireless Charging Distance - 8mm

800A/12V High-Capacity Jump Starter 150PSI Air Compressor with 10000mAh Power Bank & Flashlight

JUMP Starter | **150 PSI AIR** Compressor | **Power** Bank | **LED** Flashlight

- 800A 12V — Heavy Duty Car Jump Starter
- 10000mAh — 10000mAh Power Bank
- Smartphone & Tablet Charging
- 3 LED Light Modes
- Reverse Polarity Protection
- Car Computer Protection

PatrolPack-4 is the ultimate 4-in-1 vehicle essential - combining an 800A jump starter, 150PSI air compressor, 10000mAh USB power bank, and multi-mode LED flashlight in one compact unit. Ideal for emergencies, it suits cars, SUVs, and motorcycles. The built-in air compressor's TPMS Auto Cut-Off stops inflating at your set PSI to prevent overinflation, while the 800A peak current jump-starts dead batteries instantly with intelligent polarity protection. Dual USB ports and a Type-C input support fast charging for devices, and the LED flashlight offers Solid, SOS, and Strobe modes. With built-in safeguards against overcharging, overheating, and clamp-reversal protection. Housed in a durable shell, PatrolPack-4 is engineered to perform when you need it most.

• Colours Available : Black

1200A/12V High-Capacity Jump Starter 150PSI Air Compressor with 12000mAh Power bank & Flashlight

4in1 Multi-function | JUMP Starter | 150 PSI AIR Compressor | Power Bank | LED Flashlight

Introducing the PatrolPack-3 by Promate, the ultimate solution for all your roadside emergencies. This rugged 4-in-1 jump starter is packed with features to keep you and your vehicle prepared on the go. With a peak current of 1200A/12V, it can jump-start your vehicle effortlessly, while reverse polarity protection ensures safe operation every time. Need to inflate your tires? No problem. The built-in 150PSI air compressor has got you covered. Plus, with a massive 12000mAh battery capacity, you can power up your mobile devices multiple times over. Stay informed with the automatic TPMS (Tire Pressure Monitoring System) function and the big LED screen displaying crucial information. With dual USB-A ports, including one with QC 3.0, and a 160W DC output, you can charge your devices at lightning speed. Don't forget the 4-mode LED flashlight for added convenience. Get ready to hit the road with confidence with the PatrolPack-3.

Introducing CableKit-Ci, the ultimate USB-C to Lightning cable solution for seamless charging and data transfer needs. With a total Output of 27W, it delivers rapid charging for compatible devices, optimizing efficiency and reducing charging times. Data Sync and Charge capabilities allow for lightning-fast transfers at up to 480Mbps between USB-C and Lightning devices. Featuring three versatile cable lengths (0.3 meters, 1.2 meters, and 2 meters), it caters to diverse charging scenarios like charging your devices at home, your car, work, and other places. Its tangle-free and sleek design, engineered to minimize clutter, ensures effortless portability, ideal for travelers and commuters. Constructed from durable TPE material, CableKit-Ci is built to withstand daily wear and tear, ensuring longevity and reliability for all your charging and data transfer needs.

VGA to HDMI Adaptor Kit with Audio Support

ProLink-V2H, VGA to HDMI adapter lets you turn the VGA port on your Desktop or Laptop computer into an HDMI output port. With the ProLink-V2H, you can expand your VGA video output to accommodate the increasing number of displays and projectors that only support HDMI. This adapter ensures you're harnessing the highest video quality from your VGA output, with support for resolutions up to 1920x1080 (1080p). With a built-in USB power cable the device is powered using the USB port on your computer. The VGA to HDMI adapter will work with any computer operating system, but when working with a Windows® computer the adapter supports native USB audio.

285W Ultra-Fast GanFast™ Multi-Port Desktop Charging Station

CHARGE 6 Devices At the Same Time

GaNFast™ Gallium Nitride Charger

285W	6X			
Total Power Delivery	Charge 2 Laptop Simultaneously	USB-C Power Delivery	150CM Cable Length	Universal Compatibility

PowerBase-GaN285 is a versatile charging solution, engineered with next-gen GaNFast™ technology for compact, high-efficiency performance. Delivering 285W across six USB-C ports, it enables simultaneous ultra-fast charging of laptops, tablets, smartphones, and more, without compromising speed. With PD outputs of 100W, 65W, and 30W per port, each connector is optimized with PPS (Programmable Power Supply) support to dynamically adjust voltage and current for efficient, safe charging. This desktop charging hub includes a 1.5-meter power cable for flexible positioning and a charger stand for a neat setup, plus fire-resistant PC build and smart temperature management.

Multi-Port DC to AC Power Inverter with 200W AC Socket

Power up your journey with Promate's Inverto-200W, the ultimate car companion designed for those who need reliable power on the go. With a 200W AC socket, dual ultra-fast, USB-C ports with power delivery and dual QC USB-A ports, this compact inverter charges multiple devices simultaneously, ensuring your devices are always powered and connected. The LCD digital screen keeps you informed with real-time battery voltage, while the multi-protection system safeguards your devices against short circuits, voltage fluctuations and overheating. Crafted from fire-resistant, durable materials, Inverto-200W is your safe and efficient power solution, wherever the road takes you.

140W Super-Speed GaNFast™ Charging Station with Power Delivery 3.1 & Quick Charge 3.0

140W POWER DELIVERY

GaNFast™ Gallium Nitride Charger

- Qualcomm Quick Charge 3.0
- Charge 2 Laptop Simultaneously
- 3 USB-C PD 3.1 Ports
- 240W PD Cable Included
- Charge 4 Devices at the Same Time

GaNPort-140W is a single high-speed charging station for all your devices that lets you upgrade to super-speed 140W charging. Charge your USB-C compatible devices with the 3 Power Delivery ports to get faster charging speed than standard chargers. The 18W Qualcomm Quick Charge 3.0 port lets you charge compatible devices at 4X faster speeds. Featuring Gallium Nitride components this charging station provides an efficient charging experience with less heat and a compact form factor. GaNPort-140W comes with a stand to prop the charging station upright, and an AC plug-in cord that adds convenience to your daily charging routine. This charging station also has a built-in multi-protect safety system with high-temperature, over-current, short-circuit protection, and adaptive charging to give you a well-rounded charging experience.

Qualcomm Quick Charge 3.0	2500W Output	Adaptive Fast Charging	200cm Cable Length	Charge 5 Devices at the Same Time

Keep your electronics charged and ready with PowerBrix-GaN65. Featuring Gallium Nitride components this power strip provides an efficient charging experience with less heat and a compact form factor. 1 powerful Universal 2500W AC socket, along with dual 60W QC 3.0 USB ports and dual 65W USB-C Power Delivery ports, ensures you never run out of outlets for your electronic devices and appliances. This power strip also has a built-in multi-protect safety system with high-temperature, over-current, short-circuit protection, and adaptive charging to give you a well-rounded charging experience. Crafted for high-performance charging PowerBrix-GaN65 is a dynamic mix of power and efficiency.

Rubix-65W is an ultimate 5-in-1 charging solution that combines style with functionality. This charging station offers dedicated modules for smartphones, tablets, Apple Watches, AirPods, and more, providing a comprehensive charging experience. With a 15W MagSafe compatible charger, 3.5W Apple Watch charger, and 5W wireless charger for AirPods, Rubix-65W covers all your device charging needs. The inclusion of a powerful 45W USB-C Power Delivery port and an 18W QC 3.0 port ensures ultra-fast charging for various devices. Featuring Gallium Nitride components Rubix-65W provides an efficient charging experience. Its foldable cube design not only offers stable multi-device charging but also maintains a compact form. With a built-in multi-protect system, Rubix-65W prioritizes safety, making it the perfect charging hub for your everyday devices.

FlexiGrip™ 15W MagSafe Compatible Qi2 Wireless Charger

MagSafe 15W Wireless Charging

Qi2

- N52 Powerful Magnets
- Tri-Pivot Design
- Windshield Dashboard Compatible
- Metal Ring Plate Included
- Rotatable Design
- Aluminum Crafted Anti-fingerprint

Elevate your driving experience with Promate's FlexDrive-Qi2, set to take wireless charging to the next level. Engineered with the cutting-edge FlexiGrip™ Qi2 technology, this charger delivers a powerful 15W MagSafe-compatible charging for your devices. Its flexible dual ball joint design and adjustable arm mount offer unmatched adaptability, ensuring easy alignment and cradleless 360° rotation for optimal viewing angles. Enjoy secure mounting even on bumpy roads, while advanced over-charging, overheating protection, and Foreign Object Detection (FOD), ensure rapid power delivery while maintaining a Maximum level of safety. With a 1m cable length for added convenience, the FlexDrive-Qi2 combines performance, safety, and flexibility for a superior on-the-road charging experience. To be Qi Certified, FlexDrive-Qi2 went through rigorous testing for safety and interoperability, ensuring peace of mind with every charge. Plus, it even works with non-MagSafe iPhones and Android phones thanks to the included MagSafe metal ring adapter.

Introducing MagChill-Qi2, the ultimate 15W MagSafe-compatible Charging Car Mount designed for unparalleled convenience and safety on the road. Featuring the world's first semiconductor refrigeration system, it rapidly cools mobile phones by up to 15 degrees during charging, effectively preventing overheating issues in hot car environments. But what sets MagChill-Qi2 apart is its Qi2 certification, ensuring compatibility with the latest Qi wireless charging standards for optimal performance and reliability. This means you can count on fast wireless charging at 15W max for a wide range of device, including iPhones. With N52 strong magnets and an anti-shake design, it offers secure mounting and stability on any terrain. Enhanced safety features include F.O.D (Foreign Body Detection) technology, protecting against over-charging and overheating caused by foreign, metallic objects. Its cradleless 360° rotation and universal compatibility provide unmatched flexibility for hands-free driving. Elevate your driving experience with MagChill-Qi2, keeping your devices cool, charged, and secure wherever you go.

Experience the pinnacle of convenience and safety on the road with our revolutionary 15W MagSafe compatible Charging Car Mount. This groundbreaking innovation introduces the world's first semiconductor refrigeration system, specifically engineered to tackle overheating in high-temperature environments. Benefit from rapid cooling of mobile phones by up to 15 degrees during charging, effectively mitigating common issues like high temperature protection or charging failures in hot car settings. Utilizing short-distance radio energy transmission via electromagnetic induction, our car mount enables Qi-compatible receivers to wirelessly charge at Fast Charge 15W max, ensuring efficient charging for a wide range of devices.

- Quick Charge 3.0
- Detachable Base Design
- Individual Switch

Promate's GegaTower-60W, your ultimate hub for seamless connectivity and rapid charging. Featuring four 5Gbps USB-A 3.0 ports and three 5Gbps USB-C ports, it ensures ultra-fast data transfer, while two Smart USB-C charging ports with PD48W output and a 15W QC 3.0 port provide superior charging speeds for all your devices. Designed with convenience in mind, it includes a 60W USB-C input port and individual ON/OFF power control buttons for each port. Constructed from durable materials and equipped with short-circuit protection, the GegaTower-60W is as safe as it is efficient. Its sleek tower design and stable base make it a stylish and reliable addition to any workspace, and with plug & play functionality, setup is a breeze. Elevate your tech experience with the GegaTower-60W.

HD Sound Quality

360° Spatial Audio Experience

IPX5 Water-Resistance

In-built Carry Handle

4 Beamforming Tweeters

Strike-80 by Promate brings immersive sound and stunning visuals together in one dynamic speaker. Delivering 80W of stereo sound, this high-fidelity TWS-compatible speaker offers an exceptional listening experience. With 6 hours of playtime and a 3600mAh lithium-ion battery, it keeps the music going longer, while the 12 hours of standby time ensures it's always ready. Enjoy versatile connectivity with five audio playback options, including TF card, USB drive, AUX, and even a 1 / 4" guitar port for jamming along to your favourite tunes! The vibrant RGB lights set the mood with five dynamic modes, while the built-in handle with RGB lights adds a touch of style and portability. IPX5 water resistance makes it perfect for outdoor adventures, and quick music navigation keeps you in control. Strike-80 combines function, design, and performance in one powerhouse speaker.

TECHNICAL SPECIFICATIONS

Bluetooth Version:	5.3	USB-A Output:	5V/3A,9V/2A,12V/1.5A QC18W
Bluetooth Profiles:	A2DP,AVRCP,HFP	Total Output:	48W
Bluetooth Frequency:	2.402GHz - 2.480GHz	FM Frequency Range:	87.5 Mhz-108.0 MHz
Input Rating:	12-24V	Operating Distance:	10M
USB-C Output:	5V/3A,9V/3A,12V/2.5A (30W PD)	Cable Length:	1.5M
PPS:	3.3V-11V/3A	RF Output Power:	<=20dBm

Universal Wireless Hands-free Kit with FM Transmitter

PowerTune-38W is perfect for wirelessly streaming music or calls from your smartphone to your vehicle radio. Stream wirelessly or connect a USB flash drive to the FM transmitter. Equipped with a 20W power delivery port and Quick Charge 3.0 port, PowerTune-38W will keep your devices charged and ready for the road
